# MasterMouse S

## Ambidextrous Gaming Mouse with intelligent RGB illumination.

“Get in touch” with MasterMouse S and discover a pleasurable and satisfying grip brought about by its special contoured design and advanced surface finish. Under the perfected exterior, a gaming grade PixArt sensor with up to 7200 DPI waits impatiently for your command. Customize the brilliant RGB illumination offering 16.7 million color options and match your rig’s color scheme. Spot-on sensor and lighting settings can be achieved via the easy to use ecosystem software that comes along with the mouse.

### Features

**Ergonomic design and feel** - Ambidextrous shape and UV coating offer professional and comfortable grip to fit even the most demanding gamers.

**Brilliant RGB illumination with multiple lighting effects** - On-board RGB LEDs offer 16.7 million color options for two illuminations zones and can be customized via the accompanying software. Lighting is delivered in eight different effects of your choice.

**Intelligent mouse with user-friendly software** - Easily program macros and save your settings for up to five profiles thanks to the 32 bit ARM processor and 512KB memory.

**Create key combinations** - Assign secondary functions to every mouse button with the Storm TactiX key and create four extra key combinations.

**Superior gaming grade outfit** - Precise optical PixArt sensor offers up to 7200 DPI in four distinct DPI levels.

**Build to last** - Long-lasting Omron switches, reinforced strain relief and UV coating ensure longevity of both looks and functionality of MasterMouse S.

### Specifications & Packing Information

|                        |  |
|------------------------|--|
| Product Number         | SGM-2006-KSOA1                         |
| Product Name           | MasterMouse S                          |
| Grip Type              | Palm & Claw                            |
| Material               | Plastic / Rubber                       |
| Color                  | Gun Black                              |
| LED Color              | 16.7 Million RGB                       |
| Sensor                 | PixArt PMW3330 Optical                 |
| CPI / DPI              | 4 Levels (400~7,200dpi)                |
| Tracking Speed         | 150 ips/30g                            |
| Lift Off Distance      | < ~2mm / Adjustable                    |
| Polling Rate           | 1000 Hz / 1 ms                         |
| Angle Snapping         | Yes                                    |
| Mouse acceleration     | No acceleration                        |
| Programmable Profiles  | 5                                      |
